The lower house had cut the expense fund from \$100,000 to \$65,000 and had distributed the \$35,000 difference between the police and lighting funds, giving the police

The vote by which the ordinance was passed last night was 12 to 2, Messrs. Johnon and Sawyer voting against it. Mr Jewell made an earnest speech in which he scored the upper house finance committee for refusing to make any concessions and closed by saying that he always had been a Republican and would vote with the majority, though still sincerely believing that the police fund was not large

enough.
"I was appointed on the conference committee," said Mr. Jewell. "to arrange a compromise if possible. The upper house members met us with blase smiles and an air of superiority and condescension. They smoked good cigars, looked wise and firmly refused to make any concessions. They refused to make any concessions. They rerefused to make any concessions. They refused to give the police even \$3,000 more. I honestly believe that the police department is not given enough. But the chances of any concessions seem to be out of the question. I am a Republican and I will vote with the majority."

tion. I am a Republican and I will vote with the majority."

The lower house passed the ordinance to grade Guinotte avenue from Forest to Lydia over the strenuous opposition of Mr. Pendergast, who believed that the property of one or more small property owners would be "eriff-ticated" as he extre s d it.

A resolution declaring that hereafter no street shall have a roadway less than twenty-six feet wide was adopted. The ordinance to compromise a defective sidewalk claim of M. B. Morton for \$250 was referred to the comptroller, Ordinance was passed to pave Washington from Ninth to Tenth and Amoret from Wyandotte to Wall.

In the upper house the ordinance granting an electric light franchise to Cornelius 8. Sweetland and R. J. Ingraham was referred to the gas committee.

The upper house in executive session rejected the names of H. G. Engel and H. G. Hayes for plumbing inspector.

The semi-monthly apprepriation ordinance called for \$31.116.18. The nomination of minor water works employes was referred to the water committee. A resolution was referred to the public improvements compensation.

Wuerz complained because Tobin tried to exercise his authority as deputy license inspector in disputing the debt.

WEED WAR SOON ON.

Board of Public Works Is Expected to Fire the First Gun at Its Meeting To-day.

The board of public works is expected to set the weed cutting machinery of the city in motion: at its meeting this morning. It will probably order the superintendent of streets to set a gang of men at work cutting down weeds. Mayor Jones will appear before the board and lay before it a large number of complaints which have been made to the police. A great many property owners have been notified to cut their weeds, and some arrests will be made soon if the notices are not obeyed.

TROLLEY ON BROADWAY

METROPOLITAN WILL CONSTRUCT NEW ELECTRIC LINE.

West Side Property Owners Notified That Work of Construction Will Begin July 1 Over the Old Mule Car Route.

President C. F. Morse of the Metropoli an Street Car Company, yesterday notified the West side property owners that work would begin July 1 on the Broadway work would begin July 1 on the Broadway electric car line and that it would be in operation early in the fall. This notice was sent out in reply to an inquiry from a committee of West side people asking what was to be done with the line.

A year ago an agreement was entered into by the street car company, the city council and the West side property owners by which the old mule cars were abolished and the line allowed to be lide for a year, and then be reconstructed for rapid traisit. When the recent talk began of running a boulevard on Broadway from Fourteenth to Twelfth, the West side property owners entered strong protest.

That covered a part of the line of the road and meant the road would not be rebuilt. Mr. A. C. Coats, Homer Reed, General Devol and other West side property owners took the matter up with the company and insisted that the road be built. They worked very hard for that end.

The line runs from Sixth and Delaware to Seventeenth and Madison, by way of South Broadway and Madison. Curves will be put in so the cars can run to the depot at Second and Wyandotte streets.

Power will be furnished from the company's big plant in Riverview. Cars similar to those on the Independence car line will be used and a ten minute service provided. electric car line and that it would be in

THE NEWS AT LEAVENWORTH. Sanitary Police Force to Be Dis-

charged-D. R. Anthony, Jr., Appointed Postmuster. the present Mayor Edmond has

received no communication from Governor Leedy regarding police affairs, and the only knowledge he has that a change will take place was from reading the governor's proc-lamation in The Journal, The Journal rep-resentative called upon the mayor and asked him if he had outlined his plans, asked him if he had outlined his plans, with reference to police affairs, after the present system was abolished. He replied that he had given it some thought, but as yet had not fully decided what changes would be made.

"However, there is one thing you can say," said the mayor, "and that is that the entire sanitary force will be done away with. I can see no good reason why a

with. I can see no good reason why a force should be kept for this purpose unless it is to keep this money from being turned into the city treasury. I shall require that every policeman perform the duties now being done by the sanitary police, and it will be done much better than now. I see will be done much better than now. I see no good reason why a lot of hospital cases and political barnacles should be supported on the police force, and it will not be so when I have charge. There is no good reason why the present roundsmen should not visit the alleys and do the work now done by the sanitary force. They now simply walk on the streets, doing practically no work, and, like the sanitary force, are superfluous." superfluous."

The mayor stated that he had not fully decided as to who were to stay and who would be let out, but the force would be reduced and no one retained unless he proved an efficient officer.

Yesterday the mayor revelved a letter from the editor of one of the Topeka papers asking his opinion upon the suspension of the metropolitan police law, and

pers asking his opinion upon the suspension of the metropolitan police law, and whether with a return to the old system all laws could be enforced. The following answer was mailed last night:

"Replying to your favor of the 18th inst:

"Question 1—'What will be the effect of the suspension of the operation of the metropolitan police law in your city?"

"The great majority of the citizens of Leavenworth never asked for this law 14d do not want it. I don't think that 100 male voters of Leavenworth wanted it and this is a high estimate. It is my opinion we will have very little, if any, trouble with the police after we have organized it. We will give the citizens of Leavenworth satisfaction by at least as much revenue with less men, and the ordinances of the city will be enforced, which has never been done by the metropolitan police.

Question 2—'Do the people of your city generally approve the return of the old system?"

system?" "Yes. "Question 3-Will you have any difficulty In organizing a first-class system of police protection? "No; if we get good men, and we will ges them, if to be had; they can be found in them, if to be had; they can be found in Leavenworth.

"Question 4—'Can the laws of the state be effectively enforced by the old system in your city?"

"That depends on what you mean by "old system. We intend to enforce a new system, which will give ample protection to the people of the state and city. The highest or the lowest citizen will be treated alike."

Mayor Edmond has probably been the most cursed man in the city, all owing to his attitude on the sidewalk question. He has a perfect horror of wooden sidewalks and can see nothing good except in a brick walk. Through his influence with the council an ordinance was passed declaring wooden walks defective and ordering their destruction. This has been going on for some time at the rate of a mile a day and will be kept up until the wooden walks have all been destroyed.

From June 1 to 29 permits have been issued for the construction of 8.385 running feet of brick sidewalk and from May 1, 187, to the same date permits for 36.634 running feet have been granted. This gives the city nearly eleven miles of brick sidewalk nearly all of which is laid or in process of construction, and the walks are from five to twenty-five feet wide. New Sidewalks.

In Hard Luck.

In Hard Luck.

The Leavenworth & Lansing railroad, W. E. Winner's enterprise, seems to be in hard luck and suits for labor are piling up against it. Winner, last winter, secured a franchise from the county board to brill a line of electric railway from Lansing to the Soldiers' home, and he also talked of extending it to Fairmount and eventually to Tonganoxie. Much of the work between Lansing and the Soldiers' home has been completed and at one time it was announced that the road would be in operation before June 1. Some trouble in placing his bonds caused a suspension and now creditors of the road are warting their money. A number of suits have been filed in a justice court and yesterday three judgments were rendered against the road in Justice Moore's court. A number of other cases are yet to be heard.

More Burglaries.

More Burglaries.

The police appear to be unable to cope with the burglars, who secem to have a well organized force in the city. A number of houses have been entered lately and at some places successful hauls have been made. The latest house reported to have been entered is that of Fred J. Wulfekuhler, at Sherman and Grand avenues, Before the robbers succeeded in getting anything of value some of the family was awakened and gave the nlarm, when the burglars fled. All that was missed was a box of cigars. The tracks underneath a window showed that two men had been in the house, and burnt matches and candes senttered around told that they had made a close search for valuables. This makes the second time Mr. Wulfekuhler's house has been entered within the last two months.
